This election witnessed an increased participation.

The voting pattern was followed by old pattern of 2014.

This was the largest democratic and most expensive election in the world.

They give hope to public as they do all the facilities needed for them.

Their only motive is to win the election. So, they do anything to win.

They use the poverty stage of the public, to win the election.

A Quantitative Analysis of Candidates

All the time, public deceived by the politicians.

Nowadays, Public didn't hope the democracy.

We observed from the election assurances, Most of the preferences are made for their selfishness.

Public goes to the state of frustration, when the ruling party didn't execute the vote assurances.

Buying money, to vote will influence their behaviour.

Feels fear, when we raise hands against their demerits plans.
